# What is the SELF platform?

- knowledge base about:
  - Free Software
  - Open Standards
- collaborative production facility

*Sharing Knowledge about Free Software*

# Why are we not using it?

Factors holding back the adoption of Free Software:

- lack of awareness
- perceived lack of (internal) technical support
- lack of qualified teachers
- lack of educational and training materials (fragmentation)

# Why the SELF platform?

- material: fragmented
- usability
- non-technical
- no single platform suited
  - Wikipedia/Wikiversity?
  - Linupedia?
  - TLDP?
  - EdukaLibre?

# Who is the SELF Consortium?

**Internet Society Nederland**  
*Internet voor iedereen*

Internet Society Netherlands (NL)

Free Software Foundation Europe (DE/EU)

Internet Society Bulgaria (BG)

University of Gothenburg (SE)

Fundación Via Libre (AR)

टाटा मूलभूत अनुसंधान संस्थान  
TATA INSTITUTE OF FUNDAMENTAL RESEARCH

Tata Institute for Fundamental Research (IN)

Universitat Oberta de Catalunya (ES)

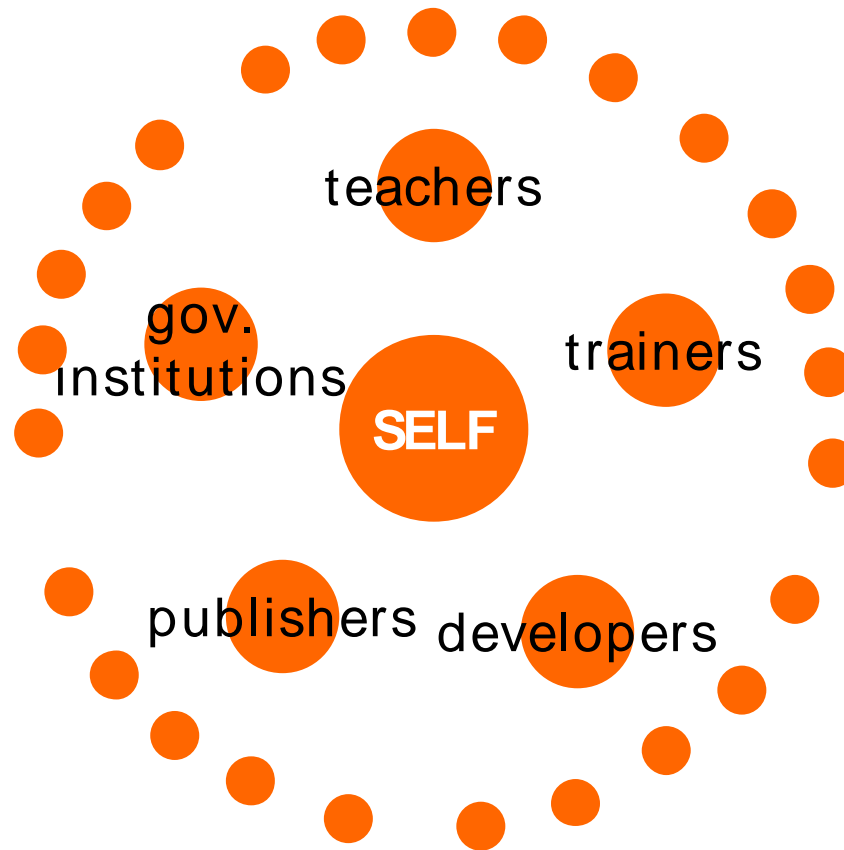

GÖTEBORG  
UNIVERSITY

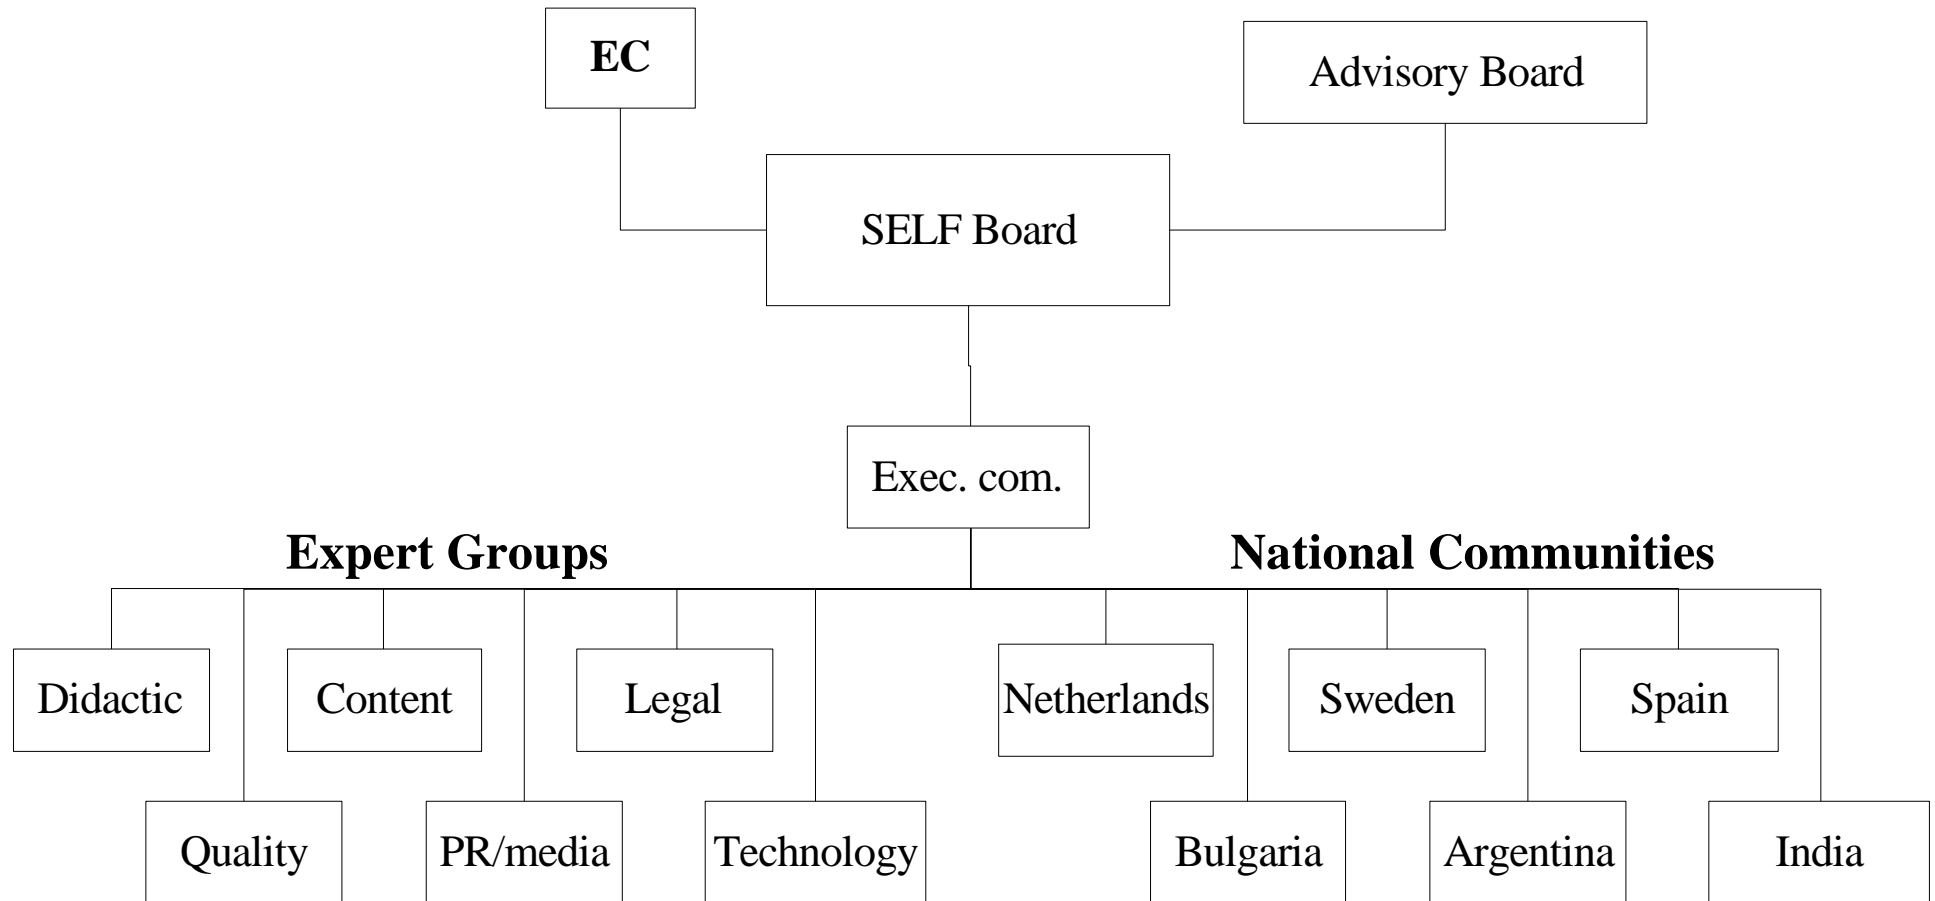

*Sharing Knowledge about Free Software*

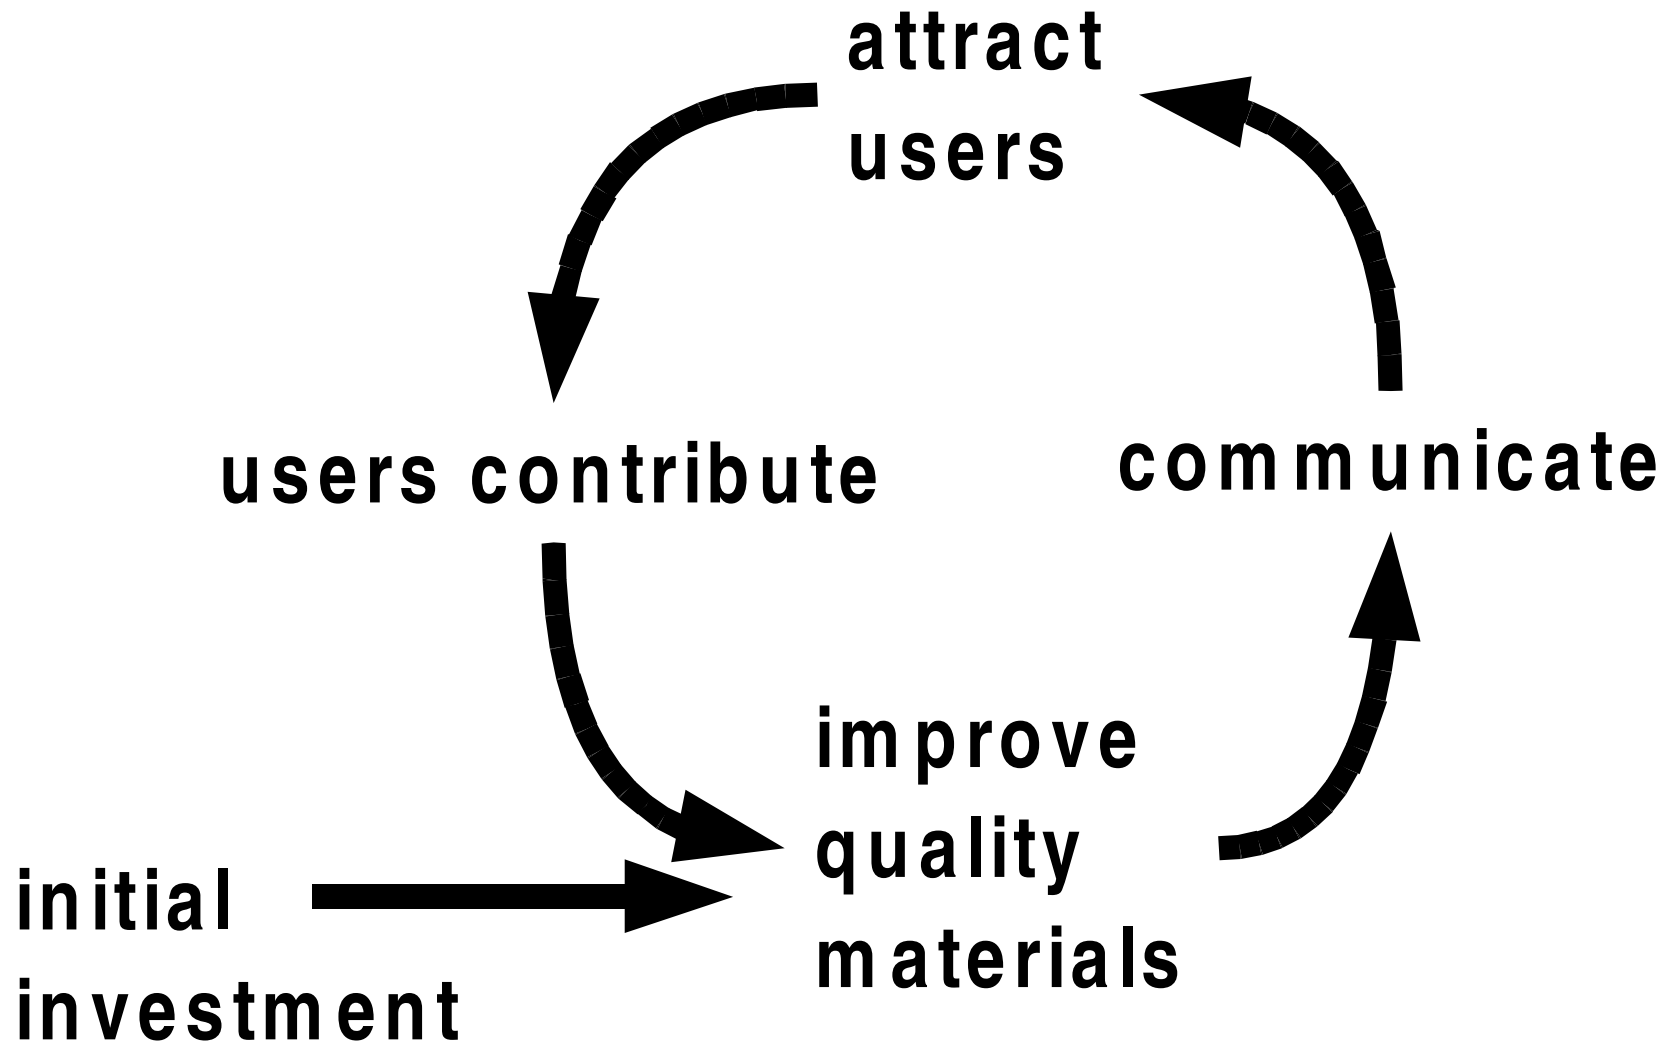

# Who is the SELF Community?

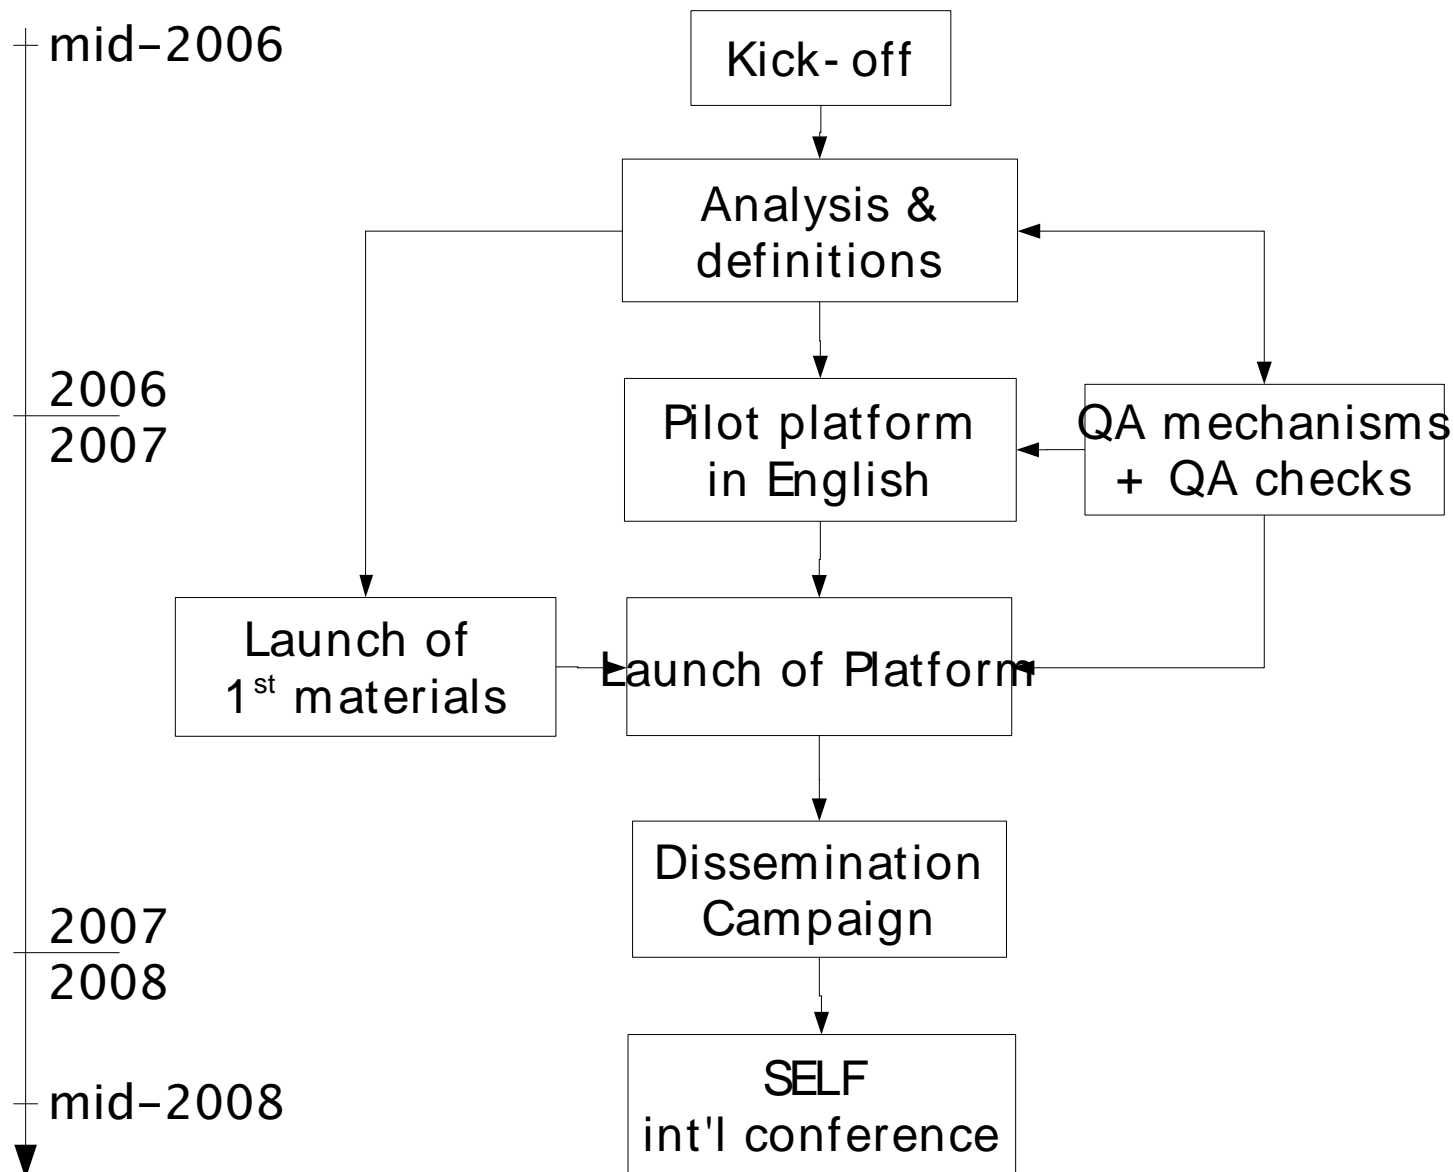

# How is SELF organised?

# How will SELF be realised?

# What's the project's timeline?

# What is the final goal?

- to become THE central knowledge base on Free Software and Open Standards
- to facilitate people in learning and sharing knowledge about FS + OS
- to build a community of interested users and become SELF-sustainable

- give us feedback
- be part of SELF
- <http://SELFproject.eu>
- enjoy!
